Dear Mr Boyle,

I have recently received from you a letter entitled 'Cultural Commission Phase 1 of our Consultation Process'.

In it you ask me to send you the response of my organisation to various sections of the Commission's remit on questions raised in the Minister's Cultural Policy Statement.

First, I should be interested to know what organisation I am, and secondly how I am to know what this policy statement is all about. Is it possible

for you to send me a copy of this statement. I do not own a website, internet or E mail facilities.

Unless I know what all this is about, I am obviously unable to comment on it.

Yours sincerely,

Jean G. Teesdale
